Dear Dennis, 2/15/94

Sorry I cannot travel. I enjoy speaking to students.

On the copies of Whitewash, the $27.00 price is retail and includes insured mail. The book itself is $25.00. We have been selling them to stores for $20.00, so that is what Lil will charge you when she can make the order up. If she does not inlude the postage please add that.

I'm glad to get those stories on the "new" information in these "new" releases.

The Boston Globe's "new" one quoting McCloy on "very limited mentalities in the CIA and the FBI" is so new it was on the back cover of my 1974 ~~Photographix~~ Whi Whitewash IV! It was disclosed to me, that transcript, under FOIA, in 1974 and in 1993 it is a sensational "new" release!

That "new" Derjiabin memo story in the Union-Leader, from AP, also was disclosed about that time. He is a political nut. His "intelligence" consisted of assuming that the USSR killed JFK.

Our best,

Harold
